- Committee of faculty and administration with elected student representation focused on the development and enhancement of the first and second year curriculum
- Surveyed M2 students for input regarding the curriculum, prepared student reports for monthly meetings, and met with administration as needed to address interim concerns

Internal Medicine Interest Group, *Member* (January 2012-Present)

Pediatric Interest Group, *Member* (January 2012-Present)

COMMUNITY SERVICE ACTIVITIES

University of Central Florida College of Medicine (UCF COM)

ZORA! Festival, Eatonville, FL, *Volunteer*, February 2013

- Annual festival organized by the Association to Preserve the Eatonville Community, Inc.
- Provided free health screenings and health education to festival attendees

KNIGHTS Clinic, Orlando, FL, *Volunteer* (October 2014-Present)

- Student-run free clinic providing health care to low-income patients in the Central Florida community
- Worked with physician volunteers to evaluate and treat patients, as well as provide patient education regarding chronic illnesses and healthy behaviors

TEACHING EXPERIENCE

Peer Academic Coach, UCF COM, October 2012-present

- Invited, on the basis of excellent academic performance, to serve as a peer tutor to other medical students
- Provided individual, small, and large group tutoring in subjects including biochemistry, anatomy, and histology

PROFESSIONAL EXPERIENCE

United Cerebral Palsy of Central Pennsylvania

Service Coordinator and Community Integration Specialist (June 2011-June 2012)

- Served as a liaison between individuals with physical disabilities and the Pennsylvania Department of Public Welfare, including securing funding for in-home care to allow individuals to remain in their own homes instead of being admitted to a nursing home
- Visited individuals in their homes on a weekly basis to assist them in organizing medications, finances and doctor's appointments, and attended doctor's appointments to ensure that individuals were receiving adequate care

RESEARCH EXPERIENCE

Routine Usage of SIEV Bypass in Microsurgical Breast Reconstruction Surgery

Sub-Investigator (November 2014-present)

- Retrospective chart review of deep inferior epigastric vein flap procedures for breast reconstruction at M.D. Anderson Cancer Center in Orlando, FL. Advisor: Kenneth Smith, M.D.
- Monitored rate of complication as compared to the accepted rate when superior inferior epigastric vein bypass is performed routinely, rather than as a salvage technique for venous congestion

Hormonal Contraception, Condom Use and Abnormal Cervical Cytology in College Women,
Principal Investigator (October 2014-present)

- Cross-sectional survey of college-aged women at UCF Health Services. Advisor: Lori Jones, MD
- Evaluated the relationship between condom and hormonal contraceptive use and abnormal cervical cytology on Pap smear

Vision care practices and diabetes management in patients with diabetic retinopathy
Principal Investigator (September 2012-April 2014)

- Conducted in conjunction with Lighthouse Central Florida, a non-profit organization that provides vision rehabilitation services to central Floridians. Advisor: Kim Johnson, Ph.D.
- Investigated the role of vision loss in patients with diabetic retinopathy with respect to the management of Diabetes
